

# State Hygienic Laboratory

## Intern/Practicum Project

**Location:** Ankeny

**Project Title:** Specimen Storage Access Database

**Describe the project/work to be completed:**

This project will use an existing Access database specimen storage application designed by a staff member in Coralville and expand/modify it for use at the Ankeny Lab. The project also includes the initial data input for the current specimens in storage.

**Number of hours per week:** 8-40

**Desired Project Period:** Spring or Summer

**Type of position:** Internship (unpaid)

**Desired Skills:** Access database proficiency, attention to detail, and ability to work in the Ankeny location

**Mentor:**

O'Leary, Misty  
Administrative Services Coordinator
