| White plastic mailing cylinder with screw-cap lid |                 |
| Clinical specimen label (with BP identity letters) |                 |

| **Chlamydia/Gonorrhea** |                 |
| Unisex swab specimen collection kit |                 |
| Urine specimen collection kit |                 |
| Vaginal swab specimen collection kit |                 |
| Biohazard specimen bag |                 |
| Absorbent material |                 |
| White plastic mailing cylinder with screw-cap lid |                 |
| Clinical specimen label (with C identity letters) |                 |
### Cystic Fibrosis Carrier Screen (CF) Kit
- 2 4mL purple top vacutainer tubes
- SHL return label
- 2 biohazard specimen bags
- Styrofoam mailer
- 2 pieces absorbent material
- Outer chipboard mailer (with pink highlighted A identity letters)

### Isolate for Serotyping
- Heart Infusion Agar
- Slant/tube
- Biohazard specimen bag
- Absorbent material

### Iowa Maternal Screen Kit
- Iowa Maternal Screen Test Request Form
- 12 x 75 mm sterile tube
- State Hygienic Laboratory return label
- Biohazard specimen bag
- Styrofoam mailer
- Absorbent material
- Clinical specimen label (with “A” identity letters)

### QuantiFERON-TB Gold
- 3 QuantiFERON TB Gold Tubes – Grey (Nil), Red (TB Antigen), Purple (Mitogen)
- Slotted Absorbent Sheet
- Biohazard specimen bag
- State Hygienic Laboratory return label
- White plastic mailing cylinder with screw-cap lid
### Serology Kit

### Stool Collection for Ova and Parasites (O&P) Kit

- One Total-Fix Vial
- State Hygienic Laboratory return label
- Styrofoam mailer
- One piece of absorbent material
- Outer chipboard mailer (with 2 green O&P identifying labels)
- Biohazard specimen bag

### Stool Culture Kit

- Enteric Transport Media
- ETM Vial
- Biohazard specimen bag
- Absorbent what?
- Styrofoam mailer
- Outer chipboard mailer with orange ENTERIC label
- .Something else?

### TB Gastric Kit

- 50mL sterile blue cap falcon tube with 100mg Sodium Carbonate
- Biohazard specimen bag
- Absorbent material
- White plastic mailing cylinder with screw-cap lid
- Clinical specimen label (with M identity letters)
### TB Mycology Kit

- 50mL sterile blue cap falcon tube
- 2 pieces absorbent material
- Biohazard specimen bag
- State Hygienic Laboratory return label
- White plastic mailing cylinder with screw-cap lid
- Clinical specimen label (with M identity letters)

**Organisms detected include:**
- Mycobacterium and Fungi species

### Virus Isolation and Detection Kit

- Test Request Form
- Collection Instructions
- Sterile flocked swab
- Sterile, plastic shafted swab
- Tube M4 transport medium
- Ice pack
- Absorbent material
- Biohazard specimen bag
- State Hygienic Laboratory return label
- Cardboard shipping box with an inner Styrofoam container

**Organisms detected include:**
- Adenovirus
- Coxsackie Virus
- Echovirus
- Enterovirus
- Herpes Simplex Virus
- Influenza
- Measles
- Mumps
- Parainfluenza
- Poliovirus
- Respiratory Syncytial Virus (RSV)
- Rhinovirus
- Varicella Zoster Virus
