DESCRIPTIONS AND OBJECTIVES

During the webinar, Iowa HHS and SHL staff will review the 2021 - 22 flu season, describe the Iowa influenza surveillance system for 2022 - 23, explain updated influenza immunization guidance, outline the Iowa strategy for influenza surveillance testing and discuss guidance for long-term care outbreak response and antiviral use.

Audience:

Iowa Department of Health and Human Services (Iowa HHS) and the State Hygienic Laboratory at the University of Iowa (SHL) present this annual webinar for local public health, health care providers, infection control staff, laboratories, school nurses, long-term care facilities and others involved in respiratory virus surveillance.

"Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact (Laina Edwards) in advance at (319-467-1303)."
